

Academic Success at

Walford

Congratulations Class of 2023

It is with pride that I share and celebrate the academic achievements of our Class of 2023.

The students in our graduating class continue to set a remarkable example to the rest of the School. Supported throughout the entirety of their schooling journey by loving parents and caregivers, and dedicated staff, the members of the Class of 2023 embody our values of Courage, Commitment, Community and Growth, and our mission to develop compassionate and courageous women who live with meaning, purpose and principle.

While these results reflect the talent and dedication of students, an ATAR is not the definitive measure of success. Each young woman is so much more than a number; she is not defined by this score at this moment in time, nor will it limit what she goes on to achieve. Each graduate has an individual story to tell, of learning, growth, and challenges overcome. Each young woman's achievements are a result of hard work, pursuing her personal best, and following her own path, in her own way. For the Class of 2023, learning, growth, achievement, service, and living a life of integrity and contribution, will continue to be lifelong endeavours.

What the numbers do not reveal are the stories behind each student's results, the many steps along the whole schooling journey that have led to this point, the resilience built and values lived, the skills learned and habits formed, and the personal wins of each individual student.

We at Walford are very proud of every member of the Class of 2023 and look forward to following their post-school contributions as valued old scholars and enduring members of the Walford community. Virtute et Veritate.

DEBORAH NETOLICKY - PRINCIPAL

Academic Achievements

Congratulations to the Year 12 students on their excellent 2023 academic achievements. Our students' consistently strong academic results reflect the positive learning culture that is fostered by staff and students working collaboratively at Walford. We are proud of each student's achievements and all that they have achieved during their school years.
