Congratulations Class of 2020

The year 2020 was a year like no other. Whilst South Australia experienced far fewer restrictions than neighbouring states and countries, the pandemic created a time of complexity and uncertainty for students all around the world.

Each member of the Class of 2020 is to be commended for her agility, resilience and bravery when life as she knew it changed during her final year of schooling. This class moved in and out of remote learning with a positive mindset. They found alternative ways to keep fit and healthy when sporting fixtures were cancelled. Most importantly, they reached out to one another in new ways to stay connected when physical distancing

threatened to keep them apart. They continued to adapt and do their best despite the challenges they encountered.

I am enormously proud of the students in this class, their teachers and their families who stand behind them. Not only have they attained outstanding scholastic results, they have discovered that they are indeed in charge of their own futures, and that they have all that they need to make a difference in their own lives and the lives of those around them.

merits**

SACE Duces

Both Martina Theodorakakos and Olivia Walker obtained a Governor of South Australia Commendation Award which recognises academic excellence and the contribution they have made to their communities.

Martina Theodorakakos achieved the maximum number of five merits. Walford SACE Dux.

Olivia Walker, Walford SACE Dux

IB Duces

It is exceptional to note that 27% of the IB class attained an ATAR placing them in the top 5% of the nation's graduates and a further 47% of students attained an ATAR in excess of 90. The Walford IB class average result of 33 (ATAR 90.00) well exceeds the world average of 28 (ATAR 79.25).

Excellence de la langue Française Walford is the only school to offer students the opportunity to undertake DELF.

Diplôme d'Etudes en Langue Français. This is an official French proficiency diploma administered by the French Government and French Ministry for Education. It is recognised in 165 countries and certifies non-native speakers from beginner to advanced levels of proficiency. Walford students undertook several levels with 100% success.

Sophie Davidson and Léa Yu undertook university level and achieved an 80th percentile. Several students from Year 10 and Year 12 achieved results of 90% and above up to 97.5% which are outstanding results.

Walford on Show

Congratulations to the four Visual Art students who have been selected to have their remarkable work displayed in the prestigious SACE Art Show for 2021.
